

24th September 2024

Dear Parents and Carers,

History Workshop – Thursday 24th October 2024

To enhance the children's History learning, a professional company will be coming into school for the day to bring the Stone Age to life. We will use an interactive timeline to focus on the changes that took place for our ancestors from the start of the stone age, through the Mesolithic and Neolithic and finally to the Bronze and Iron Ages. We will do practical activities on how hunter-gatherers lived and transformed into farmers. We will be working with stone tools and implements; learning about cave art; finding out about what they ate and what they wore. We will also practise the skills needed to be an effective hunter.

The workshop will take place within the normal school day on Thursday 24th October and will be all day. We are asking parents for a voluntary donation of £10 to cover the cost of the workshop. Please note that no parent is asked to subsidise another child.

The school will fund 50% of all children who are in receipt of free school meals (benefit related only) £5.00

This is a voluntary contribution, however if we do not receive contributions we will have no alternative but to cancel the workshop.

Please sign in to your ParentPay account and make payment by **Monday 14th October**.

All events are costed in advance and based on total number of pupils due to attend. In the regrettable situation your child cannot attend on the day of the workshop due to absence, then unfortunately the school is not in the position to offer any refund.

Please do contact me if you have any further queries.

With best wishes,
Mrs Watt
